

Decorative

Linea Light Group prepares to unveil a completely revamped decorative line. With an eye to the future, to a new way of looking at light. At home, in public places, outside, in work and reception areas: the right light increases physical and mental well-being and enhances locations, styles and architecture. It also means socialisation, relaxation and experiences. It improves the quality of life of each and every one of us. This document previews some of the key innovations for 2023, but above all, unveils a range of products designed for everyday living, in all its beauty.

All the diversity, all the charm,
and all the beauty of life
are made up of light and shade.

Lev Tolstoj

Linea Light Group si prepara a svelare una linea decorativa completamente rinnovata. Uno sguardo al futuro, ad un nuovo modo di approcciare la luce.

A casa, nei luoghi pubblici, in esterna, negli ambienti lavorativi o ricettivi: la giusta luce accresce il benessere psicofisico delle persone ed enfatizza le location, gli stili, le architetture. Significa anche convivialità, relax, esperienze. Migliora la qualità della vita di ognuno di noi. Questo documento presenta in anteprima alcune delle più importanti novità 2023, ma soprattutto svela una nuova gamma di prodotti pensati per il vivere quotidiano, in tutta la sua bellezza.

Tutta la varietà, tutta la delizia,
tutta la bellezza della vita
è composta d'ombra e di luce.

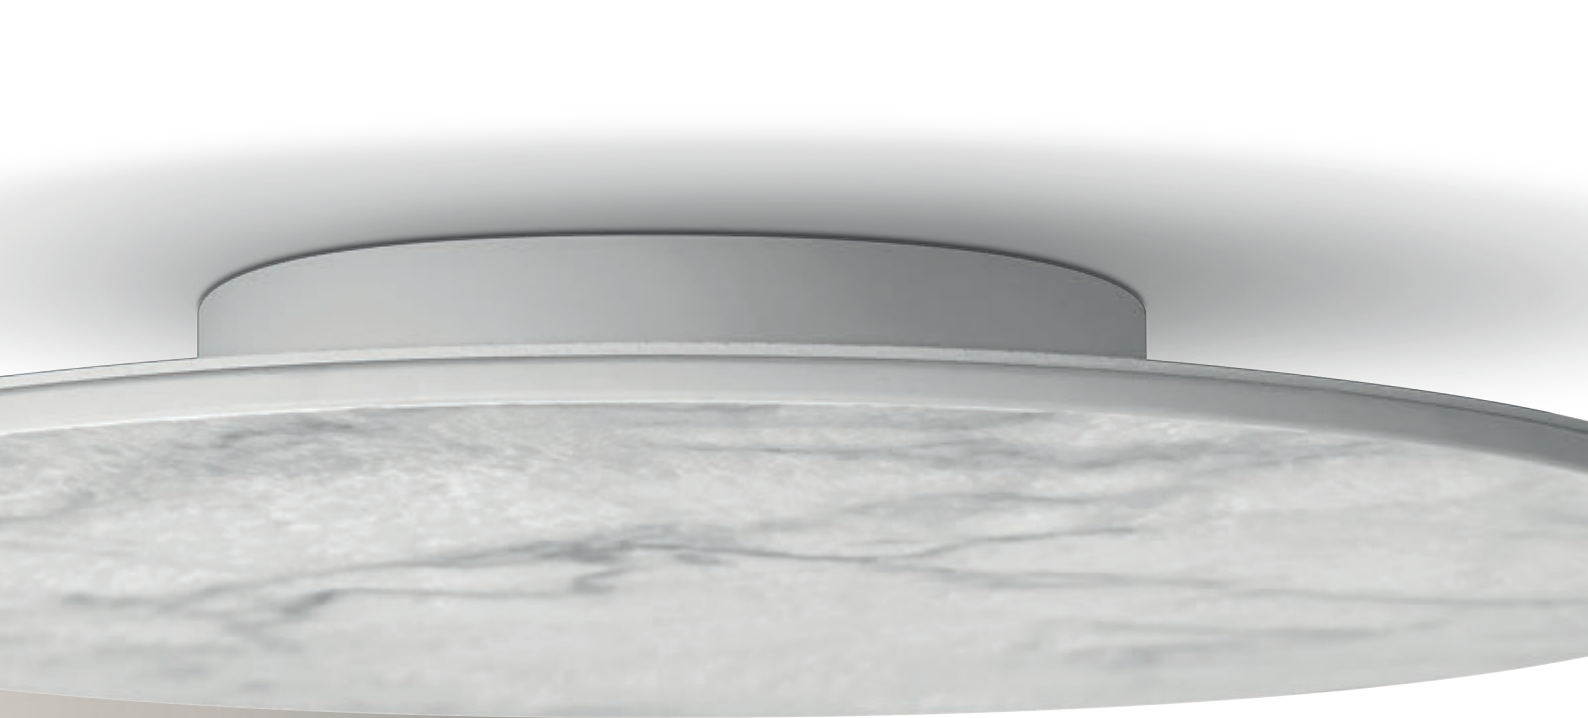

Lev Tolstoj
